

Job Opening: Senior WordPress Developer (Min. 2 Years Experience)

Location: Faridabad (Onsite Only)

Company: digitalHats, Sector 49, Faridabad

Role Overview

We are looking for a **Senior WordPress Developer** with at least 2 years of hands-on experience in building, optimizing, and managing WordPress `.

The ideal candidate should be confident in handling end-to-end website development, from customization to performance optimization, and capable of working independently on multiple projects.

Key Responsibilities

- Develop, customize, and maintain WordPress websites
 - Work with page builders like Elementor, Gutenberg, and similar tools
 - Customize themes and plugins based on project requirements
 - Optimize websites for speed, performance, and responsiveness
 - Identify and fix bugs, errors, and technical issues
 - Implement SEO-friendly website structures and best practices
 - Manage website security, backups, and hosting environments
 - Collaborate with design and content teams for seamless execution
 - Ensure cross-browser compatibility and mobile responsiveness
-

Required Skills & Experience

- **Minimum 2 years of experience in WordPress development**
 - Strong understanding of WordPress ecosystem (themes, plugins, hooks, CMS structure)
 - Good knowledge of **HTML, CSS, JavaScript, and basic PHP**
 - Experience with website speed optimization tools and techniques
 - Understanding of **on-page SEO and technical SEO basics**
 - Ability to handle multiple projects and meet deadlines independently
 - Familiarity with UI/UX tools like Figma or Canva is a plus
-

What We're Looking For

- Problem-solving mindset
 - Attention to detail
 - Ability to take ownership of projects
 - Willingness to learn and adapt to new tools and trends
-

Work Mode

- **Onsite only (Faridabad)**
 - No Work From Home
 - No Hybrid option
-
